

# Bee Gees, "Paper Machz, Cabbages & Kings"

Paper mache and telegraph poles  
Things go dead in the night  
Make enough noise to make enough noise  
To make you want to jump with fright  
Elephant's tusks and autograph books  
People you don't meet  
Haven't got a bed to lay my head  
Shoes to fit my feet  
Don't be scared  
You're better off than nothing  
You're answering to no one  
Paper mache  
Paper mache and telegraph poles  
Things go dead in the night  
Make enough noise to make enough noise  
To make you want to jump with fright  
Elephant's tusks and autograph books  
People you don't meet  
Haven't got a bed to lay my head  
Shoes to fit my feet  
Don't be scared  
You're better off than nothing  
You're answering to no one  
Paper mache

All of a sudden it happened  
When you did what you said you'd do  
And you broke my heart in two  
Like paper mache  
All of a sudden it happened, oh  
You came into my life  
Like paper mache you broke my heart  
Like paper mache, paper mache  
Like paper mache  
Paper mache and telegraph poles  
Things go dead in the night  
Make enough noise to make enough noise  
To make you wanna jump with fright  
Elephant's tusks and autograph books  
People you don't meet  
Jimmy had a bomb and the bomb went bang  
Jimmy was everywhere  
Jimmy was everywhere  
Jimmy was everywhere  
Jimmy was everywhere  
Jimmy was everywhere  
Jimmy was everywhere  
Jimmy was everywhere
