

# Bee Gees, Terrible Way To Treat Your Baby

I know that she loves you now  
But your heart doesn't keep any vows  
And that's a terrible way to treat your baby  
A terrible way to hurt that girl  
It's a terrible way you treat your baby  
When you know that I love her  
More than anything in this world

Her heart isn't for a game  
So tell her , you don't feel the same  
For that's a terrible way to treat your baby  
A terrible way , you hurt that girl  
It's a terrible way you treat your baby  
When you know that I love her  
More than anything in this world

Oh, so sad ,leaving her behind  
And if you give me the chance to take her hand  
And try to change her mind  
For it's a terrible way to treat your baby  
A terrible way you hurt that girl  
It's a terrible way to treat your baby  
When you know that I love her  
More than anything in this world

For it's a terrible way to treat your baby  
A terrible way you hurt that girl  
It's a terrible way to treat your baby  
When you know that I love her  
More than anything in this world
