

# Bee Gees, Trafalgar

I rolled into the smoke and there I lost my hope  
I need someone to know me and to show me  
The square peg fits the hole  
Why haven't I been told?  
I need someone to know me and to show me  
Trafalgar, Trafalgar, Trafalgar, please don't let me down

Ten hundred people roam through the place I call me home  
I need someone to know me and to show me  
Sitting cross - legged on my own and yet I'm not alone  
Don't need no one to show me  
No one owns me  
Trafalgar, Trafalgar, Trafalgar  
Trafalgar, Trafalgar, Trafalgar, please don't let me down

Trafalgar (repeat line and fade out)
