

# Bee Gees, Until

You were a lovely child  
And your hair was like the morning sun  
And I knew we were in love  
We were alone to dream a dream  
We held our love that held our hearts  
And who are we who knew  
All there was in life and coming through  
And ev'ry lonely sad mistake  
Ev'ry change and interchange we make  
We held our love and that held our hearts

Until, until, oohh

Ahh...
