

Bee Gees, Wine And Women

Bee Gees

Claustrophobia

Wine And Women

Wine and women and song will only make me sad

Love and kisses and hugs , the things i never had

If this should end , i don't mind

If this should end , i will find

What shall i do (what shall i do)

What shall i do (what shall i do)

Cars and buses and trams make alot of noise

All my women have gone out with other boys

If this should end , i don't mind

If this should end, i will find

I won't complain (i won't complain)

I feel no pain (i feel no pain)

(break)

Ooh..

If this should end , i don't mind

If this should end , i will find

I won't complain (i won't complain)

I feel no pain (i feel no pain)

Wine and women and song will only make me sad

Love and kisses and hugs the thing i never had

If this should end , i don't mind

If this should end, i will find

I won't complain (i won't complain)

I feel no pain (i feel no pain)

I won't complain .. cry

Ooh....
