

# Beenie Man, Street life

Yo, sometimes you have to just be a man and apologize to your woman, ya star  
The amount of ting whe you put her through  
Rock this!

When a girl cry cause of you  
Not one ting you can say or do  
Make any man go change his mind  
No matter what you wanna do  
First you find it hard to speak (true)  
Girl straight out make a brother weak  
Killing me softly every time  
And all that I can be

Chorus:

On the street just ballin  
Girls have been callin  
Drop top fallin  
Brothers keep rollin  
Livin nothing but a street life (street life)

[Repeat]

For all the troubles I brought ya  
For all the time that you cried  
Baby for that I apologize (apologize)  
For all the time that Ive hurt ya  
For bringing tears to your eye  
Baby for that I apologize (apologize)  
Well I can see it in your eyes  
No telling you no lies

Girl I did you wrong  
Youll never find another guy  
So this is what we got to do  
Make a family cause its true  
Girl you are a part of me  
My heart belongs to you  
Cause I can see it in your eyes  
No telling you no lies

Girl I did you wrong  
Youll never find another guy  
This is what we got to do  
Make a family cause its true  
Girl you are a part of me  
My heart belongs to you now

Chorus:

On the street just ballin  
Girls have been callin  
Drop top fallin  
Brothers keep rollin  
Livin nothing but a street life (street life)

[Repeat]

Do you understand the feeling when Im feeling  
When I tell you how Im feeling  
When Im feeling that way  
Cant get over how you make everything better girl  
When you are around me you bring joy to my day  
Dont know what I will do without you in my life  
I dont give a damn about what people wanna say  
All Im saying that (what)  
This is where Im at (at)  
And Id do anything to make you stay

Chorus:

On the street just ballin  
Girls have been callin  
Drop top fallin  
Brothers keep rollin  
Livin nothing but a street life (street life)

[Repeat]
