

Beenie Man, Street life

Yo, sometimes you have to just be a man and apologize to your woman, ya star
The amount of ting whe you put her through
Rock this!

When a girl cry cause of you
Not one ting you can say or do
Make any man go change his mind
No matter what you wanna do
First you find it hard to speak (true)
Girl straight out make a brother weak
Killing me softly every time
And all that I can be

Chorus:

On the street just ballin
Girls have been callin
Drop top fallin
Brothers keep rollin
Livin nothing but a street life (street life)

[Repeat]

For all the troubles I brought ya
For all the time that you cried
Baby for that I apologize (apologize)
For all the time that Ive hurt ya
For bringing tears to your eye
Baby for that I apologize (apologize)

Well I can see it in your eyes

No telling you no lies

Girl I did you wrong

Youll never find another guy

So this is what we got to do

Make a family cause its true

Girl you are a part of me

My heart belongs to you

Cause I can see it in your eyes

No telling you no lies

Girl I did you wrong

Youll never find another guy

This is what we got to do

Make a family cause its true

Girl you are a part of me

My heart belongs to you now

Chorus:

On the street just ballin
Girls have been callin
Drop top fallin
Brothers keep rollin
Livin nothing but a street life (street life)

[Repeat]

Do you understand the feeling when Im feeling

When I tell you how Im feeling

When Im feeling that way

Cant get over how you make everything better girl

When you are around me you bring joy to my day

Dont know what I will do without you in my life

I dont give a damn about what people wanna say

All Im saying that (what)

This is where Im at (at)

And Id do anything to make you stay

Chorus:

On the street just ballin
Girls have been callin
Drop top fallin
Brothers keep rollin
Livin nothing but a street life (street life)

[Repeat]
