

# Before The Dawn, Undone

[music: T. Saukkonen | words: T. Saukkonen]

Deep within  
on my skin  
bitterness feeds my grief  
I fall inside  
and close my eyes  
Can't push my heart aside

In my space we watch the sleeping sun  
In my dreams  
all evil things undone...against you

Crawling still  
with broken will  
why can't I be forgiven  
I fall inside  
and close my eyes  
Can't push my heart aside
