

# Before You Breathe, Each And Every Moment

Search my heart and know my ways  
I will seek You through all my days  
I ask You Lord for more of You  
Reflecting all I say and do  
With each and every moment I'm closer to You  
Every passing hour I'm drawn to You  
For each and every moment brings me closer to that day  
Lord I'm on my way  
Cleanse my mind, renew my faith  
Restore the light that quickly fades  
I ask You Lord may I be true  
So guard my heart as I walk through
