

# Before You Breathe, One Light

I love Your name, always the same  
Never changes, never changes  
I love Your ways, always the same  
Never changing, never changing  
You are the One Light  
You are the One Light  
It's You, it's You  
I love Your Word, all that I've heard  
It never changes, never changes  
You are the Word, the truth I've learned  
Never changing, You're never changing
