

# Behemoth, Cursed Angel Of Doom (From XXX Y

Banished by the wrath of god  
Cast down from the kingdom of heaven  
I betrayed messiah  
Cursed, broken but free

My name is belial  
Rebel angel of doom  
First born son of god  
Crossing the skies like fire

I deny the image of god  
Impotent heaven's tyrant  
I strike with pure aggression  
Wielding the powers of darkness

Cursed angel of doom

Heaven's consumed by fire  
By the sound of my name  
The infernal legions hail  
Cursed prince of darkness

Cursed angel of doom

I rise in glory again  
My suffering is my strength  
I cast my wrath upon thee  
And rituals of mutilation
