

# Behemoth, Daimonos

Honour me!  
Chaldean priests  
Bow to me,in adoration  
Evangelize  
Prophets ov the boundless joy  
Sanctify the sun ov indulgence  
We worship the sun  
We worship the moon  
Spreading like rats  
Exalted above the stars ov god  
All hail slain and risen god!  
All hail Dionysus!  
&quot;Come, blessed dionysius, various nam'd,bull-fac'd  
Begot from Thunder,bacchus fam'd  
Bassarian god, of universal might  
Whom swords, and sacred rage delight&quot;  
War be sustained!  
My godless phoenix rise  
Ne'er to lifeless shall I submit  
Offring solely the sword not peace  
Mercy and cowardaice within  
We worship the sun  
We worship the moon  
Spreading like rats  
Exalted above the stars ov god  
All hail slain and risen god!  
All hail Dionysus!
