

# Behemoth, Once Upon A Pale Horse

I'll ascend  
As the sun into the night  
I'll appear  
On a pale horse alight  
Skyward, I climb alone  
Yet, bound forever to this Earth  
Quench my unholy thirst  
To will is to dissent

I'll ascend  
As the sun into the night  
I'll appear  
On a pale horse alight

Go forth  
And conquer  
In thy own name  
For thy own flesh  
Forsake shame  
Forsake guilt  
Do what thou wilt

Onwards, driven by doubt  
Carving my beastly ways  
Never will I submit  
To will is to disobey  
Hail empower thyself  
Strive forever to more  
And make heel the universe  
So the last will be the first

Onwards, driven yet calm  
Carving malevolent ways  
Never will I submit  
To will is to disobey

Go forth  
And conquer  
In thy own name  
For thy own flesh  
Forsake shame  
Forsake guilt  
Do what thou wilt

Go forth  
And conquer  
Forsake shame  
Forsake thy fucking guilt

For love is the law  
Love under will
