

# Behemoth, Shadows Ov Ea Cast Upon Golgotha

Am i the only one whobeholding the sunrise?  
In the ganglion ov deathless nights?  
Drough i became  
For all those at the bottom  
As i sched my lion's skin off my back  
Into dismal deserts i crawl  
Tu sustain my pilgrimage on Earth  
Within your blood i submerge, my Lord  
Within your blood i am drenched

Aether above  
Black Earth below  
Waters surround  
Aether above  
Black Earth below  
Waters surround  
Fire flows inwards

No words can voice the poetry ov my wrath  
No foe dares to challenge my fury  
My legion crushed  
Yet they speak my names  
A pale halo casting shades ov disgrace  
With blood ov t he lamb  
I shall seal this pact  
Amidst the sun and the moon  
I am the spear ov Longinus  
I ma teh arrows ov doom
