

# Behemoth, The Nephilim Rising

( music by Nergal; lyrics by Krzysztof Azarewicz; acoustic outro by Seth )

I'm burning like a fucking fire  
Mysterious Domain, Murdered Apprehension  
Shemyaza, Lacifarus - glow like the Sun  
in this final hour  
ov Dawn ov the Dusk  
I, heart ov all chthonic hearts  
vulture eye, fallen one, proclaim:

this great world  
is a mirror ov my small self :  
striving for infinity, shall I remain?

we cannot kill the time:  
it is the time that kills us  
and I'm the answer on my questions  
and blood ov my hopes and all prayers -  
mark the sunset, the last judgement -  
and my rainment... -  
this is the night, just black damn'd night

as dethroned so enthroned, attracted... rejected...  
in this totality is perfection ov Me in Thee  
freedom ov Nature, delight ov Existence  
so intoxicate me as I intoxicateth thee  
slay me as I createth thee  
when reality is nothing more  
than quantum vortex  
deep sleep  
make it lucid dream  
or hallucinate if you please  
in exaltations ov All, One, None  
there Is No Difference  
we are the First and the Last

Io Pan!
