## Behemoth, The Nephilim Rising

(music by Nergal; lyrics by Krzysztof Azarewicz; acoustic outro by Seth)

I'm burning like a fucking fire Mysterious Domain, Murdered Apprehension Shemyaza, Lacifarus - glow like the Sun in this final hour ov Dawn ov the Dusk I, heart ov all chthonic hearts vulture eye, fallen one, proclaim:

this great world is a mirror ov my small self : striving for infinity, shall I remain?

we cannot kill the time: it is the time that kills us and I'm the answer on my questions and blood ov my hopes and all prayers mark the sunset, the last judgement and my rainment... this is the night, just black damn'd night

as dethroned so enthroned, attracted... rejected... in this totality is perfection ov Me in Thee freedom ov Nature, delight ov Existence so intoxicate me as I intoxicateth thee slay me as I createth thee when reality is nothing more than quantum vortex deep sleep make it lucid dream or hallucinate if you please in exaltations ov All, One, None there Is No Difference we are the First and the Last

lo Pan!
