

# Beholder, World Leaders

Last night we met to talk about all we need before we go  
Testing sessions have been right, time has come to start the show!

My eyes are watching the rain falling on the streets now  
I can't stop thinking about what will happen there  
If our men will be soon eliminated  
Discovered by some federal agent

I feel the time is right for changes  
We'll have control on the world  
Your eyes are going to see the show

Get ready to see the show

Are we the leaders of the world?  
Are we the ones that can make the system fall?  
Is this a dream or real hope?  
We know for sure that we'll be damned or we'll be Gods

I feel the wind's blowing fast and the rain is falling  
It surely will take away this hypocrisy  
The world is ready to follow the right direction  
We'll make it real, our wish for destruction

I feel the time is right for changes  
We'll have control on the world  
Your eyes are going to see the show

Are we the leaders of the world?  
Are we the ones that can make the system fall?  
Is this a dream or real hope?  
We know for sure that we'll be damned or we'll be Gods

Get ready to see the show  
Are we the leaders of the world?  
Are we the ones that can make the system fall?  
Is this a dream or real hope?  
We know for sure that we'll be damned or:  
Are we the leaders of the world? Are we the chosen ones?  
Are we the leaders of the world? We know that time has come for us to go!
