

# Beirut, So Many Plans

And we had so many plans  
Leap from the sill, see where we land  
We had so many plans  
Safe from the wind, head in the sand

And we had so many friends  
This had to end, it had to end  
And we had so many friends  
Maybe we'll see them again

We sat so long, we sat too long  
We sat so long tonight  
We said "au revoir"  
We said it all in one night

We had so many plans  
This had to end, this had to end  
We had so many friends  
This had to end, this had to end

We sat so long, we sat too long  
We sat so long tonight  
We said "au revoir"  
We said it all in one night
