

# Bel Canto, Without You

You showed me heaven and hell  
You said you loved me  
Then you said you could do well  
Without me

O' I've got that, I've got that pain  
Something inside me  
A kind of pain

In some time maybe I'll wonder how it was  
I can't imagine I'll never wonder how it was  
I just remember too well

You showed me heaven and hell  
You said you loved me  
Then you said you could do well  
Without me
