All night

If you wanna join yourself come far a me  
If you wanna lose your stress come far a me  
Come up run my steps and follow me  
And go right to left it just to resist  
Don't waste your time that it's a good time  
Do it tonight because it's bad time  
To gave you some pleasure it's my leasure  
Ref.

Than I come to your party I've got to dance now  
I think it's really right to give you what you want  
Come on, move on a dancefloor all night, all night  
Than I come to your party I've got to dance now  
I think it's really right to give you what you want  
Come on, move on a dancefloor all night, all night  
Dance, tonight it's party time  
Dance, tonight the club is mine  
And mistery joy play my soul  
Than you can flow on my love  
Don't waste your time that it's a good time  
Do it tonight because it's bad time  
To gave you some pleasure it's my leasure  
Ref.
