

# Believable Picnic, Listen

I stopped to listen, to a voice  
In my head  
Can you tell me, what you  
Just said

The words of him & her & you  
Can't seem to hear me

I stopped to rest a bit, to  
Crash in my bed  
The phone just kept ringing  
The light blinking red

The words of him & her & you  
Can't seem to sleep  
Come sit next to me, I'll sit  
Next to you and hear your plea

I stopped to wonder, how  
You can stand  
To hear every one of us,  
All our demands

The words of her & him & you  
Can't seem to sleep  
Come sit next to me, I'll sit  
Next to you and hear your plea  
The words of him & her & me  
Can't seem to see  
If I sit by you, will you sit by me  
And hear my plea

I stopped to pray a bit,  
To say here I am  
Just thought I'd tell you, and  
Now.....say Amen
