

Belinda Carlisle, Fool For Love

When I look into your eyes I see
Everything I was meant to be
If I'm a fool in love
I don't care, I don't care

When we're together
All I know
There is a place
I need to go
If I'm a fool in love
I don't care, I don't care

If I'm a fool in love
If I'm a fool in love
If I'm a fool in love
I don't care
I don't care

Visions of moonlight
In the park
We kissed and danced away
In the dark
If I'm a fool in love
I don't care, I don't care

Was it wrong to show you
All I feel ?
No, I think that what
Does us in is the
Love we're afraid to reveal...

Driving midnight highway one
Love is the ocean
You're the one
