

# Belinda Carlisle, Live Your Life Be Free

Live your life be free  
Live your life be free  
Open up your mind and you will see  
You should be with me baby  
You should be with me  
I see you walking with her  
I see you all around  
But you don't seem very happy now  
You seem very down  
I know you feel an obligation  
To her emotional state of mind  
This is the time in your life baby  
When you should be having a good time  
And if you want me I'll be there  
To run my fingers through your hair  
And if you need me its alright  
Come on over baby, and see me tonight  
You got to  
Live your life be free  
Live your life be free  
Open your mind and you will see  
You should be with me baby  
You should be with me  
You know that I'll be waiting  
You know my heart is true  
I will be your everything  
And give everything to you  
So if you want me baby I know  
Don't have to knock knock down my doors  
Her heart was meant to be broken that day  
You got a lot of love to live  
So why dont you  
Live your life be free  
Live your life be free  
Open your mind and you will see  
You should be with me baby  
You should be with me  
You should be with me baby  
You should be with me  
Live your life be free baby  
Live your life be free baby  
Live your life be free baby  
Live your life be free baby  
Live your life be free baby  
Live your life be free baby  
Live your life be free baby  
Live your life be free baby  
And when you free your mind  
You will leave your past behind  
Live your life be free  
Live your life be free  
Open your mind and you will see  
You should be with me baby  
You should be with me  
Live your life be free  
Live your life be free  
Open your mind and you will see  
You should be with me baby  
You should be with me
