

# Belinda Carlisle, Live Your Live Be Free

I see you walking with her  
I see you all around  
But you don't seem very happy now  
You seem very down  
I know you feel an obligation  
To her emotional state of mind  
But this is the time of your life baby  
And you should be having a good time

And if you want me I'll be there  
To run my fingers through your hair  
If you need me it's alright  
Come on over baby, and see me tonight (you've got to)  
Live your life be free  
Live your life be free  
Open up your mind and you will see  
You should be with me

You know that I'll be waiting  
You know my heart is true  
I will be your everything  
And give everything to you  
So is you want me baby, I'm yours

You don't have to knock, kick down my doors  
Rules are made to be broken every day  
You got one life to live, so hey (why don't you)  
Live your life be free  
Live your life be free  
Open up your heart and you will see  
You should be with me, baby  
You should be with me

Live your life be free  
Live your life be free  
And when you free you mind  
You will leave your past behind  
Live your life be free  
Live your life be free  
Open up your eyes and you will see  
You should be with me, baby  
You should be with me  
Live your life be free  
Live your life be free  
Open up your heart and you will see  
You should be with me baby  
You should be with me
