

# Belinda Carlisle, Stuff & Nonsense

Disobey my own decisions  
I deserve all your suspicions  
First it's yes and then it's no  
I dilly dally down to you, oh  
But I've got no secrets that I battle in my sleep  
I won't make promises to you that I can't keep

And you know that I love you  
Here and now not forever  
I can give you the present  
I don't know about the future  
That's all stuff and nonsense

I once lived for the future  
Everyday was one day closer  
Greener on the other side  
Yes I believe before I met you  
I assumed that your love was brighter than the stars in my eyes  
Now I know how and when I know where and why

And you know that I love you  
Here and now not forever  
I can give you the present  
I don't know about the future  
That's all stuff and nonsense
