

# Belinda Carlisle, The Same Thing

Here is my case  
We've got no time to waste  
'cause we want the same thing

We're fighting a war  
But we don't know what for  
'cause we want the same thing

I know we're different now  
Different as night and day  
But still want you near  
I just want you to stay  
I wanna take this chance  
I want to be with you  
'cause what you're looking for  
I am looking for too

We dream the same thing  
We want the same thing ...ooh...  
And all that we need is to  
See it together  
We dream the same dream  
We want the same thing ...ooh...

For now, for love, forever, amen

I look in your eyes and  
I know deep inside that  
We want the same thing

Breaking the chains that  
Just keep us in shame  
'cause we want the same thing

No matter what we say  
No matter what we do  
Beyond the battlelines  
Baby we know what's true

We dream the same thing  
We want the same thing ...ooh...  
And all that we need is to  
See it together  
We dream the same dream  
We want the same thing ...ooh...  
For now, for love, forever, amen
