

Belinda More, Somebody

Somebody who's cool
Somebody who want's to see it too

Tell me why I screw
or why I play the fool
Never find the right guy
Somebody tell me why?
Tell me why?

See I become an expert
Realized, gettin' hurt
Tired of the kick by
Somebody tell me why?
Tell me why?

he'll come along
real love is strong
One day I'll find

Somebody who's cool
Somebody who's true
Someone who wants to see it through
One day I'll find
Someone so sweet
Somebody who knows just how to treat
Somebody like me

hey, yeah,yeah,yeah,yeah,yeah, (x2)

Seems like another time again
I'm the one who's cryin'
So unsatesfy
Somebody tell me why?
Tell me why?

Everytime I fall down
im on the reebown
Never find the right guy
Somebody tell me why?
Tell me why?

he'll come along
real love is strong
One day I'll find

Somebody who's cool
Somebody who's true
Someone who wants to see it through
One day I'll find
Someone so sweet
Somebody who knows just how to treat
Somebody like me
(x2)

Hey, yeah,yeah,yeah,yeah,yeah, (x2)

Gotta find the one
who will make it fun
Even when times may get me down
No need to try
One day I'll find

Hey, yeah,yeah,yeah,yeah,yeah, (x2)

Refrain (x2)
