

Bell Biv DeVoe, B.B.D. (I Thought It Was Me)?

[B.B.D.: ad-libs in background for 30 seconds]

[Verse: Ricky Bell]

I went out, last niight

See, that's when I met a sexy girl

She was lookin' so niight

She said, "I wanna take you for a trip around the world";

And by the look in her eyes, ho

The girl was serious!

She wore no disguise, oh no..

So let's have some fun, yeah!

[Chorus:]

(I thought it was me) - I thought it was me who makes the girl this way

(I thought it was me) - I came to find out she's like that every day

(I thought it was me) - I thought it was me that makes that girl so wild

(I thought it was me) - I found out she's like that with all the guys

[Michael Bivins:]

Yo, I love bein a bachelor

Ricky said, "Yo, that girl's a good catch for ya";

She and I choose to cruise in my love boat

My waterbed, kept us afloat

I had to prove my manhood

Show her that the B-I-V was DAMN good, understood?

I never had my boat rocked like that before, YO!!

[Ricky Bell:]

The way we left the spot, all systems ready to go

She said, "Sit back and relax, I'm runnin' the show";

I couldn't hesitate, it was much too late

That girl had got me straight, and I was ready to go, yeah!

B!!! (yeah..)

B!!! (yeah..)

D!!! (yeah...)

[Michael Bivins:]

Yo' Ron, was-SUP, wit that

fly girl you left the jam with?

She's stickin' closer to you

Than the bread on the meat of my sandwich

I know you rock a beach, cuz

[Ronnie DeVoe:]

Naaaw, it wasn't even like that

She left the room to get comfy and cozy (wha?)

Then the R to the O to the N got nose

[Ricky Bell:]

Cruising guys was her favorite past-time

Takin' chances almost got her lifetime

She said, "You only live oooooonce";

Stayin' loose, made many head turns

If you did her wrong, you just might get burned.

So let's have some fun, yeah-HE!

[Chorus:]
