

# Bell Book and Candle, Fly over the rainbow sky

Fly over the rainbow sky  
somewhere out in a strange world  
someone's touching my hand  
my heart is pounding  
I turn around, there's  
no one to be seen in the end  
no one to be seen in the end  
I fly - come along with me  
fly over the rainbow sky  
we do it, we do it, we take a wonderful ride oh so  
high over the rainbow sky  
we do it, we do it, we steal away from here  
have no fear  
stay with me  
we've got nothing  
nothing to lose or to fear  
I see a beautiful light in front of me  
we're gonna get everywhere  
I fly - come with me ...  
fly over the rainbow sky ...
