

Bell Book and Candle, Hear me

Where have you been
Where are you goin? astray
Why don?t you give somebody else a bad name
I thought that we two always wanted the same
It doesn?t matter if she spends a little bit of time with her
Baby can you hear me ? don?t you hear me
Baby can you hear me ? don?t you hear me
Where do you go
Where are you runnin? to play
Why do you hide and cover all that has been
Will this be just another bad movie scene
Now do you really spend that little bit of time with her
Baby can you hear me ? don?t you hear me
Baby can you hear me ? don?t you hear me
