

# Bell Book and Candle, On high

I do not know his name  
and where he's from  
feels like breaking my heart  
he'll be mine till the end  
of all days  
a big big love's gonna start  
on high  
that means you and I  
la la la  
we're gonna get there  
on high  
I'm the blue in your sky  
la la la  
we're gonna get there  
my hearts pounding  
and from this moment I knew  
our time' gonna come  
I'd move heaven and earth  
to be on his side  
never do him wrong  
on high...
