

# Bell X1, Woman Like A Man

I need a piss, wanna hate  
Look it up, girl

My love, eat your meat  
Keep your teeth, burn

You lost me, you cost me  
You thought me of me, yeah

We're bad, what we do

You wanna get boned, you wanna get stoned  
You wanna get a room like no-one else  
You wanna be rich, you wanna be kitch  
You wanna be the bastard of yourself  
You wanna get burned, you wanna get turned  
You wanna get dragged inside out  
You wanna be ruled, you wanna be fooled  
You wanna be a woman like a man  
Like a woman like a man

(I'll get a cheaper ticket next time)  
Woman like a man, like a man  
(I'll get a cheaper ticket next time)  
Like a woman like a man, woman like a man

I need a piss, want to wait  
Suck it up, cum

My love, eat your meat  
Itchy feet, run

You reach me, you bleach me  
You teach me of me, how familiar

We're bad, what we do

You wanna get boned, you wanna get stoned  
You wanna get a room like no-one else  
You wanna be rich, you wanna be kitch  
You wanna be the bastard of yourself  
You wanna get burned, you wanna get turned  
You wanna get dragged inside out  
You wanna be ruled, yeah you wanna be fooled  
You wanna be a woman like a man  
Like a woman like a man

(I'll get a cheaper ticket next time)  
Woman like a man, like a woman like a man  
(I'll get a cheaper ticket next time)  
Like a woman, like a woman  
(It really wasn't worth the ride)  
Woman like a man, like a woman like a man

(Like a woman like a man)

(I'll get a cheaper ticket next time)  
Like a woman, like a woman  
(I'll get a cheaper ticket next time)  
Woman like a man, like a woman like a man  
(I'll get a cheaper ticket next time)  
Like a woman, like a woman  
(It really wasn't worth the ride)  
Woman like a man, like a woman like a man
