

# Bella Taylor Smith, Look Me In The Eyes

Everything's alright  
We gon' be alright  
Look me in the eyes now  
Not much more to say  
I need you to stay  
Every type of way  
I want you to be close  
The one I love most

Ah ah ah ah  
The one I love most

One step at a time  
Think we're doing fine  
What's to be afraid of  
Tell me how you feel  
Promise this is real  
Not to be ashamed of  
How I need you close  
The one I love most

Ah ah ah ah  
The one I love most

So I'll go  
If what you really need is time alone  
As long as you'll always come back home  
And it will work out like you always said  
Right til the end

Taking baby steps  
Promises we've kept  
Healing moves in waves, love  
Speak in common sense  
Know you could've left  
But you choose to stay  
Oh, I need you to know  
That I love you so  
Yes I love you so

Ah ah ah ah  
Yes I love you so

So I'll go  
If what you really need is time alone  
As long as you'll always come back home  
And it will work out like you always said  
Right til the end

And if by chance you're asking me to stay  
I'd let you know we'll be okay  
And it will work out like you always said  
Right til the end
