

BELLAMY BROTHERS, Crazy From The Heart

I know the reasons why you're not here with me
But I told you I'd survive if you ever had to leave
But in the light of day, I tend to do okay
But when the night takes hold, I think of you
And I go crazy from the heart
I reach out to touch you but you're nowhere in the dark
My mind knows why we're apart
But I go crazy, crazy from the heart
In my mind there's no doubt we could not make it last
But I've learned to live without a love that's in the past
But in the night so still, her memories feel so real
They make my blood run cold, I reach for you
And I go crazy from the heart
I reach out to touch you, but you're nowhere in the dark
My mind knows why we're apart
But I go crazy, crazy from the heart
When the moon takes hold
(When the moon takes hold)
The stars come out and I lose control
And I go crazy from the heart
I reach out to touch you, but you're nowhere in the dark
My mind knows why we're apart
But I go crazy, yes, I go crazy
I still go crazy, crazy from the heart
