

Belle And Sebastian, Asleep On A Sunbeam

When the half light makes for a clearer view
Sleep a little more if you want to
But restlessness has siezed me now, it's true
I could watch the dreams flicker in your eyes
Lying here asleep on a sunbeam
I wonder if you realize you fascinate me so
Think about a new destination
If you think you need inspiration
Roll out the map and mark it with a pin
I will follow every direction
Just lace up your shoes while I'm fetching a sleeping bag, a tent...
Another summer's passing by
All I need is somewhere I feel the grass beneath my feet
A walk on sand, a fire I can warm my hands
My joy will be complete
I thought about a new destination
I'm never short of new inspiration
Roll out the map and mark it with a gin
Made my plans to conquer the country
I'm waiting for you to get out of your situation
With your job and with your life
All I need is somewhere I feel the grass beneath my feet
A walk on sand
A fire, I can warm my hands
My joy will be complete
