

Belle Perez, Something You Should Know

I'm in the blue up here in my room
What can I do, if you're not coming soon
We gotta talk I think we got a right, why do you stay out all night
You're on the run but you cannot hide, what have you done
I know deep down inside
The little boy wants to be a man, Just as well don't understand

You've been talking in your sleep, it's time you knew I know
Baby the secrets that you keep, oh they really hurt me so

CHORUS: Don't hurt me please don't hurt me
Come on now don't let go, don't hurt me, don't desert me
There's something you should know

And if it's so that you're on my side
I'd like to know, why you're out all night. This can't go on
I don't need your lies, so listen up and be surprised yeah
Maybe one day you will see, we all make mistakes
But there won't be another me, the day your heart will break

CHORUS

You've been talking in your sleep, it's time you knew I know
Baby the secret that I keep, Is about to show
Dee dee dee dee dee dee dee dee Dee dee dee dee dee dee dee dee
There's something you should know

CHORUS
