

# Belle & Sebastian, Asleep On A Sunbeam

When the half light makes for a clearer view  
Sleep a little more if you want to  
But restlessness has seized me now, it's true  
I could watch the dreams flicker in your eyes  
Lying here asleep on a sunbeam  
I wonder if you realise you fascinate me so

Think about a new destination  
If you think you need inspiration  
Roll out the map and mark it with a pin  
I will follow every direction  
Just lace up your shoes while I'm fetching a sleeping bag, a tent...  
Another summer's passing by  
All I need is somewhere I feel the grass beneath my feet  
A walk on sand, a fire I can warm my hands  
My joy will be complete

I thought about a new destination  
I'm never short of new inspiration  
Roll out the map and mark it with a pin  
Made my plans to conquer the country  
I'm waiting for you to get out of your situation  
With your job and with your life

All I need is somewhere I feel the grass beneath my feet  
A walk on sand  
A fire, I can warm my hands  
My joy will be complete
