

# Belle & Sebastian, Ease Your Feet In The Sea

Ease you're feet off in the sea  
My darling it's the place to be  
Take your shoes off curl your toes  
And i will frame this moment in time  
Troubles come and troubles go  
The trouble that we've come to know  
Will stay with us till we get old  
Will stay with us till somebody decides to go  
Decides to go

Soberly, without regret, I make another sandwich  
And I fill my face, I know that things have got to you  
But what can I do?  
Suddenly, without a warning  
On a pale blue morning  
You decide your time is wearing thin  
A conscious choice to let yourself go dangling  
Hovering  
It's an emergency  
There's no more "wait and see";

Maybe if I shut my eyes  
Your trouble will be split between us  
People come and people go  
You're scouring everybody's face  
For some small flicker of the truth  
To what it is that you are going through, my boy  
I left you dry  
The signs were clear that you were not going anywhere  
Anywhere  
Save for a falling down  
Everything's going wrong

Later on, as I walked home  
The plough was showing, and Orion  
I could see the house where you lived  
I could see the house where you gave  
All your time and sanity to people  
Then you waited for the people to acknowledge you  
They spoke in turn  
But their eyes would pass over you  
Over you  
Who's seeing you at all?  
Who's seeing you at all?
