

# Belle & Sebastian, You're Just A Baby

You're just a baby, baby girl  
So kiss me on the cheek and then go off to sleep  
You're just a baby, baby girl  
So kiss me on the cheek before you know what's sweet  
You will be working in the morning  
And i won't be there to see you go off you're head  
You will be working in the morning  
And i won't be there to see you go off you're head

There must be a reason for all the looks we gave  
And all the things we never said before  
So what's the score?  
Cause there must be a reason for all the looks we gave  
And all the things we never said before

You're just a baby, baby girl  
So kiss me on the cheek before you go to school  
You're just a baby, baby girl  
So kiss me on the cheek before you know what's cool  
You will be crying in the morning  
And i won't be there to see you go off you're head  
Yeah, you will be crying in the morning  
And i won't be there to see you go off you're head

Refrain

You're just a baby, baby girl  
So kiss me on the cheek and then go off to sleep  
You're just a baby, baby girl  
So let go of my hand so we can get some sleep  
I will be leaving in the morning  
And i won't be there to see you go off you're head  
Yeah i will be leaving in the morning  
And i won't be there to see you go off you're head
