

Belly, King

Little bird
I won't prey on you
I won't prey on you this time
I'm your faith
I'm your faith
(Healer)
I'm your faithless companion
I'm the seed that made your perfect body
When you sleep, I am awake
There is a light, under the ocean
Under the ocean, there's things shinin' everywhere
There is a light keeper, under the blanket here
Under the blanket, there's things shinin' down here
Now I see, you lay your perfect body, down by me
Now we're down
Little bird
I won't prey on you
I won't prey on you this time
I'm your faith
I'm your faith
(Healer)
I'm your faithless companion
I'm the seed that made your body perfect
When you sleep, I am awake
There is a light, under the ocean
Under the ocean, there's things shinin' everywhere
There is a light keeper, under the blanket here
Under the blanket, there's things shinin' everywhere
You light the ocean from behind
I'll show you mine
I'll show you
Baby, I can't fake it
I'd like to see you naked
I'd like to see you take it
I'd like to see you naked
Naked, naked, naked, naked
