

Beloved, Falling On My Face

i was there
in the corner of my eye
i swear, i was there
sky high, bone dry
in a restless world
with a burning pain
i was there
but never again

i knew you would
the way you should
you said you could
but i don't walk straight
i'm on my face again

i saw you
from the look on your face
you saw me too
i saw you
world-weary, split in two
standing cold
in the driving rain
i saw you
but never again

i knew you would
the way you should
you said you could
but i don't think straight
i'm on my face again

on my own
with my experience i should have known
on my own
destination unknown
i've forgot the reasons why i can't explain
on my own
but never again
never again

i knew you would
the way you should
you said you could
but i don't walk straight
i'm on my face again
