

Beloved, I Love You More

Beloved
Happiness
I Love You More

There's something I just can't describe,
Something controlling me deep inside.
Whenever I start to feel this way I just can't think of the words to say

Every now and again when I'm feeling sad,
Oh, I think of you and it makes me glad all over, glad as can be
And that's when I remember just what you mean to me.

Chorus : I love you more than you could know,
□□ It's just sometimes it doesn't show
I love you more than you could know,
□□ It's just sometimes it doesn't show.
Oh, but don't play, don't play,
□□ Don't you play with my heart this way,
And don't say, don't say that you feel any other way.

It's times when I can't get to sleep at night,
That's when I wish I could hold you tight.
But if you were here right now with me I'd tell you for sure what you mean to me

(Chorus)

I love you.

(Chorus)

I love you more than you could know, it's just sometimes it doesn't show.
I love you more than you could know, it's just sometimes it doesn't show.
I love you more than you could know, it's just sometimes it doesn't show.
I love you more than you could know, it's just sometimes it doesn't show.

I love you more than you could know, it's just sometimes it doesn't show.
I love you more than you could know, it's just sometimes it doesn't show.
