

# Belphegor, The Sukkubus Lustrate

Oh, black winged sukkubus  
Icy hands surround my throat  
Insert the wooden arm, ride the crucifix  
Your life is mine, to hell we shall go  
I am possessed, lick me, I'm so cold  
Blow me straight to sado hell  
Taste the ultimate sin, sin  
The sukkubus ritual, Ich salbe Dich  
The sukkubus lustrate, Ich errege Dich  
The sukkubus ritual, Ich lecke Dich  
The sukkubus lustrate, verehere Dich  
Delight bizarre orgasm, full of dead romantic  
Take these almighty wings, fly away with sathan  
Your life is mine, to hell we shall go  
I am possessed, lick me, I'm so cold  
Blow me straight to sado hell  
Taste the ultimate sin, sin  
The sukkubus ritual, Ich salbe Dich  
The sukkubus lustrate, Ich errege Dich  
The sukkubus ritual, Ich lecke Dich  
The sukkubus lustrate, verehere Dich
