Ben Folds, Ben Folds Landed

We'd hit the bottom I thought it was my fault And in a way I guess it was I'm just now finding out What it was all about

We'd moved to the west coast

Away from everyone

She never told me that you called

Back when I was still I was still in love

'Till I opened my eyes

And walked out the door

And the clouds came tumbling down

And it's bye, bye goodbye, I tried

And I twisted it wrong

Just to make it right

Had to leave myself behind

And I've been flying high all night

So come pick me up

I've landed

The daily promise

She made from nothing

So nothing ever made it right

She liked to push me

And talk me back down

'Till I believed I was the crazy one

And in a way I guess I was

'Til I opened my eyes and walked out the door

And the clouds came tumbling down

And it's bye, bye, goodbye, I tried

Dredging the sea of a trouble mind

Had to leave myself behind

Singing bye, bye, goodbye, I tried

And if you wrote me off

I'd understand it

'Cause I've been on

Some other planet

So come pick me up

I've landed

And you will be so happy to know

I've come alone, it's over

And I'll open my eyes and walk out the door

And the clouds came tumbling down

And it's bye, bye, goodbye, I tried

Down comes the reign

Of the telephone czar

It's okay to call

And I will answer for myself

Come, pick me up

(Ba, ba's)

Come, pick me up

Ba, ba's

I've landed
