Ben Harper, There Will Be A Light

I wish we could live forever Then melt into the sun Melt into the sun Time is gonna change you Once it gets you on the run Gets you on the run

There will be
There will be a light
There will be a light
There will be
There will be
There will be a light
There will be a light
There will be a light

I've been running
Ever since
Ever since I was a child
Some call it free
And some call it wild

There will be There will be There will be a light

There will be a light There will be There will be There will be a light There will be a light

Let the warmth of my love Dry away all your tears Fear not for I am with you I will fear not - fear not - with you here

There will be
There will be a light
There will be a light
There will be
There will be
There will be
There will be a light
There will be a light

There will be There will be There will be a light There will be a light
