

Ben Harper, When It's Good

You're a prison
I can't escape
You're a decision
I never make
heard me laughing
you heard me weep and moan

(chorus)
When its good
its so so good
when its gone
its gone

they say time will
kill the pain
i say pain is going kill my time
lord wont u save me
or leave me alone

(chorus)

i hang your picture
above my mind
don't do anything
you cant deny
i could never
be your pawn

(chorus)

some drink to remember
some to forget
some for satisfaction
some to regret
i hope a brighter
day to you I've shown

(chorus)
