

Ben Howard, What A Day

What a day to go around
Heavy in the sound of breaking mirrors
What a day to go around
Head up in the clouds
Through you were better

What a way to come around
While I take you out
I take you walking
Healing mercy

Shadow nearing
Course there's knowing
Where to put the right words
Hearin'
Where does all the time go

What a day to go around
Heavy in the sound of rivers breaking
What a day to go around
Well, the sun came out and it was taking
Breaking me out

What a day to go around
While I take you out
I take you walking
healing
