

Ben Kweller, Girl In Between

I dont care what you wear,
you seem safe and sound,
just cool it and dont forget about me when I'm down.

hey, hey, hey,
you're the girl in between,
it was ok until you came clean,
I thought that life was but a dream.

Caviar, reservoir, uh huh a dime i'm in.
beneath the dance consequence,
hence you're back with him.

hey, hey, hey,
you're the girl in between,
it was ok until you came clean,
I thought that life was but a dream.

My mirror is cracked,
7 years no reflection,
I saw you smile,
it's a sign of perfection,
enigmas always seek,
when you guess the way that people think,
didis lookin down,
universal sound.

hey, hey, hey,
you're the girl in between,
hey, hey, hey
you dont know what it means,
it was ok, until you came clean,
I thought that life was but a dream.
