Ben Kweller, This Is War

I'm a soldier on a battlefield Got an army on the battlefield Outnumbered like the Alamo I don't even want to go

This is war Yeah yeah yeah This is war

Always stuck in a daydream Can't focus on the other team Hunted you all day and night Now I'm ready for a fight

This is war Yeah yeah yeah This is war

I can't be your friend 'cause I got to knock you out

Are you ready for a surprise? I don't even think you even realize They say that you're the best You gotta follow all the rest

This is war Yeah yeah yeah This is war

I can't be your friend 'cause I gotta knock you out So I can win.
