

Ben Lee, Ben Lee

and I cant stand it
A lot goes on but nothing happens
But this time that's not true
I wrote this song for you
To tell you that your 15 minutes of fame are almost up
Yeah one more thing, Ben Lee you suck!
I guess this song's come to an end
I'll say good bye until we meet again
You better stay out of my town
Cause if i had way
I'd call up Snoop, Ice Cube, and Dr.Dre
We'd come and beat you down
A lot goes on but nothing happens
But this time that's not true
I wrote this song for you
To tell you that your 15 minutes of fame are almost up
Yeah one more thing, Ben Lee you suck!
